

SCHOOL SUPPLIES...

It's time to buy your school supplies for next year! For the past few years, West Middle School has partnered with an outstanding company called EduKit to provide school supplies both affordably and conveniently.

EduKit helps us raise money for our PTCO, while providing an easy way for you to check something off of your back to school list right NOW! EduKit also guarantees ALL of their supplies, and should they break or fail at any point during the school year, EduKit will quickly replace them for FREE, no questions asked.

See attached flyer for pricing and additional information.

To order, simply click the link below, enter the grade level(s) of your child(ren) for NEXT year, and purchase school supply kits specific to each grade level that will be mailed to your home just prior to the first day of school next year.
